## Surviving Mudfest

### A grown-up's guide

- Get the kids to wear something you don't mind getting muddy! Waterproof puddle suits or old clothes are perfect for this – and don't forget the wellies!
- Bring a spare set of clothes they can change into if things get too muddy and a bin bag or carrier bag to put dirty clothes into.
- We'll have welly wash stations available near our café, but recommend bringing a towel for drying and a blanket for the back seat of the car.
